Education

University of Washington – Seattle Campus Expected Spring 2018
Bachelor of Science in Computer Science, Minor in Math GPA 3.78, Dean's List

Bellevue College Spring 2015 – Fall 2015
Associate in Arts and Sciences GPA 3.94

DigiPen Institute of Technology Fall Semester 2014
Bachelor of Science in Real-Time Interactive Simulation GPA 3.78

Research Interests

Throughout college I have maintained a strong interest in computing and math and its relationship with the learning sciences. I would like to research the ways in which students learn these concepts with the goal of identifying effective techniques to deliver material.

Work Experience

Camp Coordinator and Instructor, Coding with Kids May 2016 – Present
codingwithkids.com
Coding with Kids is a computer programming academy that offers introductory programming courses for K-12 students.

- Organized and prepared curriculum materials and resources for summer camps
- Had weekly meetings with management to improve educational procedures and workflow
- Taught week-long classes of 6 to 12 students ranging in skill level and age
- Used Scratch to introduce concepts like conditionals, control structures, variables, and functions

Tournament Administrator, High School Star League Jan 2016 – Present
hsstarleague.com
High School Star League is a not-for-profit e-sports organization that organizes and runs tournaments for high school students across the nation. Students compete for scholarships sponsored by companies such as Riot Games, Blizzard, and Twitch.

- Directly managed a league of 70+ teams of five or more players
- Assisted in running the 2015-2016 season playoffs for top placing teams
- Worked with both students and teachers to resolve issues and clarify questions and concerns
- Coordinated with other HSL members to improve operating procedures

Sales Associate, Target March 2015 – June 2015

Extracurricular Experience

Participant, Communications Officer, and Judge, Speech and Debate 2010 – 2015
Throughout high school I was a part of the speech and debate team at both schools I attended (Newport High School, Singapore American School). During college I helped judge and coach tournaments.

- Researched monthly debate topics and prepared case files and speeches
- Coordinated with other teams to improve our local debate community as a whole
- Multiple time district champion in several events, multiple time state tournament qualifier, national championship qualifier

Honors, Awards and Certifications

Diploma de Español (Nivel Intermedio - B2), Instituto Cervantes, 2010
Eagle Scout, Boy Scouts of America, 2010
Premier Distinction, National Speech and Debate Association, 2013
CCNA Routing and Switching, Cisco, 2014

Relevant Coursework

Bellevue College

- Calculus III and IV
- Introduction to Linear Algebra
- General Engineering Physics I
- Statistical Analysis
- Fundamentals of Computer Science II

University of Washington

- Introduction to Differential Equations
- Foundations of Computing
- Introduction to Psychology
